

Automatic release valve

Air Exhaust Valve

Nominal Pressure: 1.0,1.6MPa

DN: 50~200mm

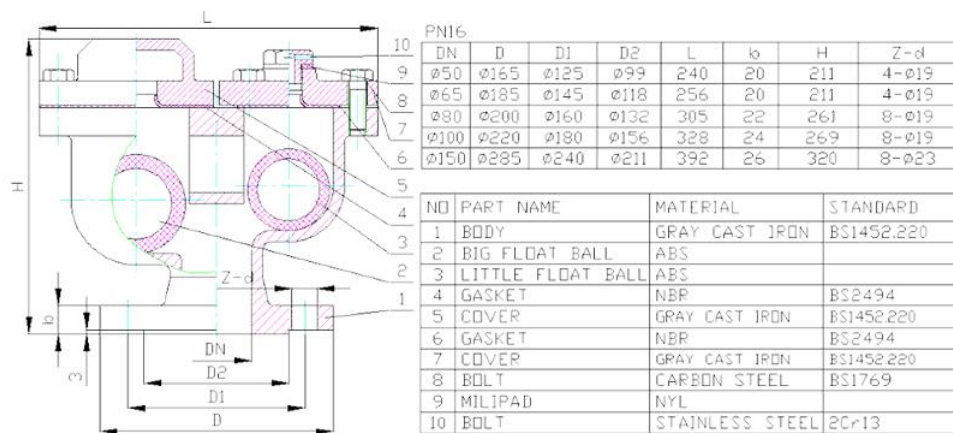

Medium: Water

Work temperature:  $\leq 120^{\circ}\text{C}$

Design Standard : BS5163

Flange Standard : BS EN 1092

Parameters:

Specifications:

Automatic release valve:

Part Material

NO.	PART NAME	Material
-----	-----------	----------

1	Body & Bonnet	Ductile Iron
2	Baffle	Ductile Iron
3	Float Ball	Stainless Steel 304
4	Seal Ring	EPDM
5	Air Release Valve	Assembly
